

Amendment to the Specification

Kindly amend the specification to replace the paragraph page 19, lines 1-5 with the following:

Figure 12 shows an arrangement of the hook clamp and shows how the device is rotatable. A rotation plate 1200, shown in more detail in Figure ~~13A and 13B~~ 13, allows setting initial orientation relative to other lamps and thereafter controlling all lamps in a group as though they were the same.
